

Turn Sheet/Directions for Nasty 9

- Start on wide trail to the left of the spring house. Go up a short hill and at top take a hard right on **Pickle**.
- Follow **Pickle** as it drops and parallels the gravel road. At bottom take a left on **Pickle**.
- Follow **Pickle** uphill. A windy and steep climb to get your heart pumping. Make sure to stay on course as the trail merges briefly with the gas line cut.
- Keep following **Pickle**, bearing right and following signs for **Tin Cup**.
- **Tin Cup** is a long steady climb. Make sure to bear left at the lower trail intersection with Raven.
- At roughly the 1.6 mile mark you will come to a trail intersection with Turkey, Knoll and Raven. Take a right on **Raven**.
- **Raven** will climb towards the highest point on Brushy Hills. Continue on Raven past the cell towers as it drops down a little, then turns back and climbs to a gravel road. (NOTE: THIS IS A NEW ROUTE. IT REPLACES THE SHORT BUSHWACK. STAY ON TRAIL.)
- Take a left on the gravel road and enjoy a steep, quad busting descent on this service road. At the bottom, take a left on **Turkey**.
- Climb **Turkey** back up to the major trail intersection and take a right on **Knoll**. Follow **Knoll** until you get to **Middle Way**.
- Take a left on **Middle Way** and then a right on **Green**. Follow **Green** all the way over and take a left on **Quiet**.
- **Quiet** is a nice, windy downhill. Bear right when it meets **Yellow** and then bear right again on **Deer Trail**. This trail will bring you back to the spring house and the parking area.
- At this point you have gone about 5 miles.
- From here, go right on **Green**, bear left on **Up and Over**, and then a hard left back on **Green**.
- Follow **Green** to the top of the hill and then take a left on **Gateway**. Follow **Gateway** all the way over to Union Run Road and cross carefully.
- After crossing the road, go straight on **Turtle** and after a bit take a right on **Ridge**. **Ridge** climbs and winds its way back over towards Union Run where you crossed over.
- When you come back to that point, go straight onto **Salamander**—a simply lovely trail.
- Follow **Salamander** down until it curves back towards Union Run Road at the bottom.
- Cross carefully, and take a left on **Pickle**, backtracking the first quarter of the mile of the course.
- Don't miss the left turn on **Red** back down to the spring house.
- You are done! Good Job!
